## Eileen Gray

## Irish Designer

Born to an aristocratic Irish family Eileen Gray is considered one of the most important architects and furniture designers of her time.

She developed an opulent, luxuriant take on the geometric forms and industrially produced materials used by the International Style designers, such as Le Corbusier, Charlotte Perriand and Mies Van Der Rohe, who shared many of her ideals.

After 1927 Gray worked predominately in the field of architecture exhibiting several pieces with Le Corbusier's in 1937.
